Download the YMCA of Northern Colorado app!

With the mobile app, you may make reservations for fitness classes and other activities. This app is connected to your membership account – ensuring you get earlier reservation options than non-members and continued access to virtual and on-demand classes.

YOUR ACCOUNT

Because this system is tied to your membership account, you'll need to create an account on the app with the email address we have on file for you. Note: your mobile app login credentials will work for reservations on the website too.

UNIQUE EMAILS

Everyone on your membership must use a unique email. This will prevent errors. Only valid emails are accepted.

If you would like to use a different email and/or add an email for other members in your family, please login to your Y account to update. If you don't remember your login, please do not create a new account or you will create a duplicate account not tied to your membership.

GUESTS

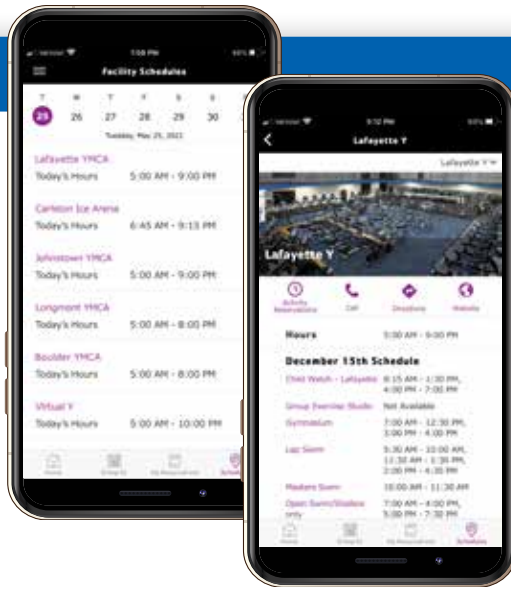

Guests may also create an account online and/or on the mobile app. Members should not login as guests because guest access is restricted.

NEED HELP?

You may contact the welcome desk at your branch or email membership@ymcanoco.org.

FACILITY SCHEDULES

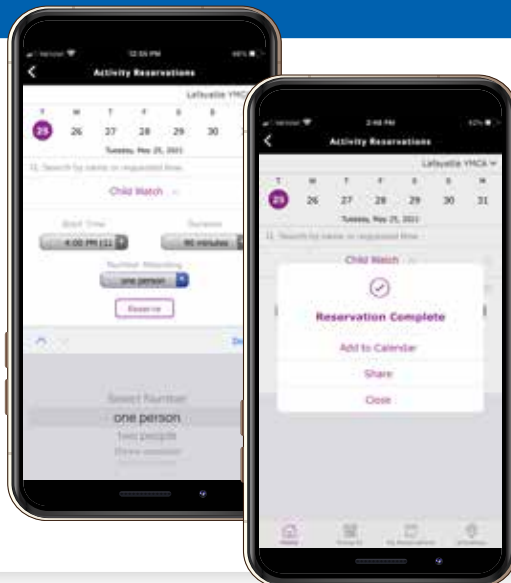

Check the facility schedule for your Y's hours. Pick the day of the week you want to see, and then click on your Y to see schedules including open gym, pickleball, open swim, lap swim and rec skate hours.

GROUP EXERCISE

You may sort by branch and search by class name, time or instructor. While most classes have drop-in options, we suggest you still reserve your spot on the mobile app. When you make a reservation, you may add the class to your calendar, get reminders and updates from your instructor and cancel your spot if you can't make it. Plus, review personal trainer bios and expertise to find the right fit for you and your health goals.

ACTIVITY RESERVATIONS

Activity reservations include Child Watch, Adult Rec Hockey and Stick and Puck. Select your day, time and number attending.
